Introduction

The **Discovery Quiz** is a personalized onboarding experience designed to help you find the accessibility and learning tools that work best for you. Rather than overwhelming you with options, the quiz asks 6 simple questions about your learning preferences and challenges, then recommends the most relevant features.

Who is this for?

- Students who find reading on screen tiring or difficult
- Learners who think faster than they can type
- Anyone who struggles to maintain focus while working online
- Users who experience visual discomfort from bright screens
- Researchers who need help organizing notes and citations
- Non-native English speakers who benefit from translation tools

Time Required

2-5 minutes — The quiz consists of 6 core questions with optional "Tell me more" sections if you want to provide more detail.

Getting Started

Launching the Discovery Quiz

1. Click the **AssisT extension icon** in your browser toolbar
2. Select "**Discover Your Tools**" button in the popup header
3. The quiz opens in a **new full-screen tab** for a distraction-free experience

Tip: You can also access the quiz at any time from the extension settings.

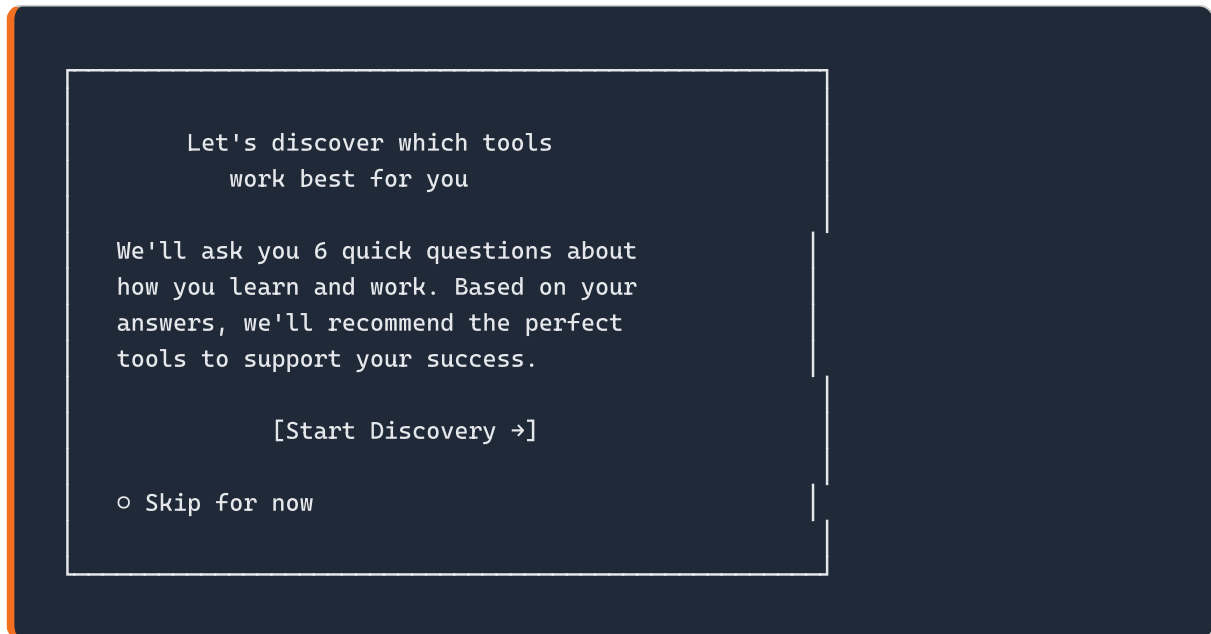

Before You Begin

- No preparation needed — just answer honestly based on your experiences
 - There are no right or wrong answers
 - You can go back and change answers at any time
 - Your responses are stored locally and never shared
-

Step-by-Step Walkthrough

Welcome Screen

When the quiz loads, you'll see a welcoming introduction:

Click **Start Discovery** to begin.

Question 1: Reading Challenges

"Do you find reading on screen tiring or difficult?"

Option	When to Select
Never	Screen reading is comfortable for you
Sometimes	You occasionally experience fatigue after long reading sessions
Often	You regularly find screen reading challenging
Always	Screen reading is consistently difficult

Tell Me More (Optional)

Expand this section to provide more detail:

- ☐ Words sometimes move or blur when I read
- ☐ I often lose my place while reading
- ☐ I prefer listening to reading

Features this affects: Text-to-Speech, Reading Mode, Reading Guide, Dyslexia Font

Question 2: Writing Challenges

"Do you find typing or writing ideas down challenging?"

Option	When to Select
Never	Typing flows easily for you
Sometimes	Writing occasionally feels like a barrier
Often	You regularly struggle to get ideas typed
Always	Typing consistently blocks your expression

Tell Me More (Optional)

- ☐ Spelling gets in the way of expressing myself
- ☐ I think faster than I can type
- ☐ Speaking my ideas would help me write

Features this affects: Voice Input (STT), Auto-Punctuation, Voice Commands

Question 3: Focus & Attention

"Do you struggle to maintain focus while working online?"

Option	When to Select
Never	You can focus easily on digital tasks
Sometimes	Occasional distractions pull you away
Often	Staying focused is a regular challenge
Always	Focus is consistently difficult online

Tell Me More (Optional)

- ☐ Animations and movements distract me
- ☐ I work better in short focused bursts
- ☐ I need reminders to take breaks

Features this affects: Focus Mode, Reduced Motion, Pomodoro Timer

Question 4: Visual Comfort

"Do bright screens or certain colors cause discomfort?"

Option	When to Select
Never	Screen brightness doesn't bother you
Sometimes	Occasional sensitivity to brightness
Often	Regular discomfort from screen brightness
Always	Consistent visual discomfort

Tell Me More (Optional)

- ☐ I prefer darker interfaces
- ☐ Certain background colors help me read better
- ☐ I need larger or different fonts

Features this affects: Dark Mode, Colour Overlay, Text Customisation

Question 5: Organization

"Do you need help keeping track of research and notes?"

Option	When to Select
Never	Organization comes naturally to you
Sometimes	Occasional difficulty tracking sources
Often	Regular challenges with research organization
Always	Organization is a consistent struggle

Tell Me More (Optional)

- ☐ I highlight or annotate documents when studying
- ☐ I need to track sources for essays and projects
- ☐ Seeing word counts and reading time helps me plan

Features this affects: Annotations, Citation Manager, Text Statistics

Question 6: Language & Comprehension

"Do you sometimes need text simplified or translated?"

Option	When to Select
Never	Language comprehension is easy
Sometimes	Occasional need for clarification
Often	Regular need for language support
Always	Consistent language support needed

Tell Me More (Optional)

- ☐ English is not my first language
- ☐ I often need to look up word definitions

- ☐ Simpler language versions would help me understand

Features this affects: Translation, Dictionary Lookup, Simplify Text

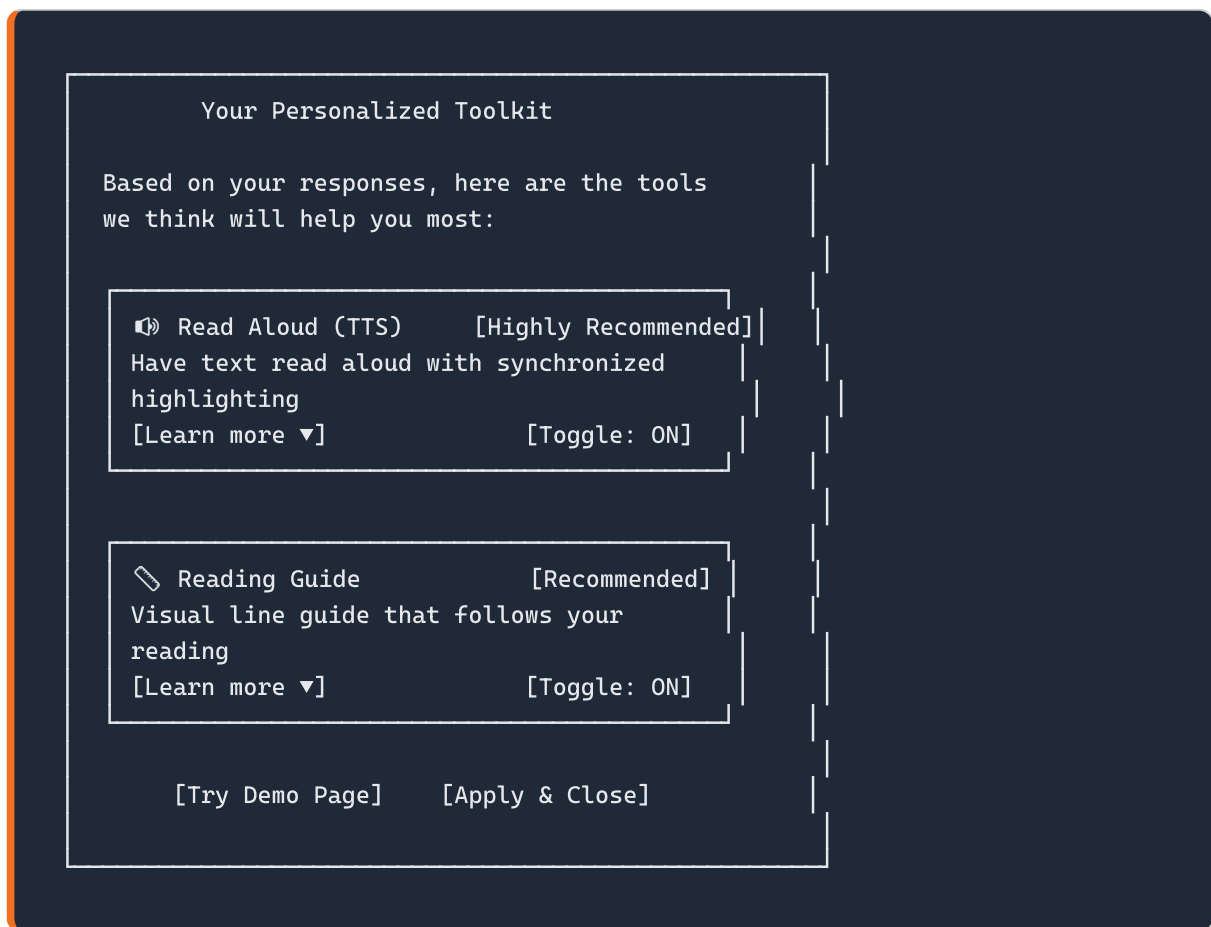

Understanding Your Results

After completing all 6 questions, you'll see your **Personalized Toolkit** — a curated list of features matched to your needs.

Recommendation Tiers

Badge	Score	Meaning
Highly Recommended	70-100	Strong match based on your responses
Recommended	40-69	Good match that may help you
You might like	20-39	Optional feature worth exploring

Results Screen Layout

Feature Cards Explained

Each recommended feature includes:

1. **Icon** — Visual identifier for the feature category
 2. **Name** — The feature's name
 3. **Brief Description** — One-line summary of what it does
 4. **Recommendation Badge** — How well it matches your needs
 5. **Toggle Switch** — Enable or disable before applying
 6. **Learn More** — Expand for detailed description and usage tips
-

Applying Your Personalized Profile

Review Your Selections

Before applying, you can:

- **Toggle features ON/OFF** — Disable any recommendations you don't want
- **Learn more** — Click to expand details about each feature
- **Retake quiz** — Start over if your needs have changed

Apply Your Settings

1. Review the recommended features
2. Toggle off any you don't want enabled immediately
3. Click "**Apply & Close**"

Your settings are saved immediately and the quiz tab closes.

Try Before You Commit

Click "**Try Demo Page**" to:

- Open a sample page with realistic educational content
 - Test your recommended features in action
 - See how tools like TTS, highlighting, and overlays work together
 - Make informed decisions before enabling features site-wide
-

Keyboard Shortcuts

The Discovery Quiz supports full keyboard navigation:

Key	Action
Tab	Move between interactive elements
Enter / Space	Select option or click button
↑ ↓	Navigate between answer options
1 2 3 4	Quick-select answer (Never/Sometimes/Often/Always)
Enter	Proceed to next question (when answer selected)
Backspace	Return to previous question

Frequently Asked Questions

Can I retake the quiz?

Yes. Access the Discovery Quiz at any time from the extension popup. Your previous responses are not saved — each session starts fresh.

Will this change my current settings?

Only if you click "Apply & Close." Browsing through the quiz doesn't modify your settings. You have full control over what gets enabled.

What if I don't see a feature I want?

The quiz recommends features based on your responses. All features are available in the full settings panel regardless of quiz results. Access **Settings** → **All Features** to see everything.

Can I change my profile later?

Absolutely. Enable or disable any feature at any time from the extension popup. The quiz is just a starting point — you're always in control.

Is my data shared?

No. All responses and settings are stored locally on your device. Nothing is sent to external servers.

What if I accidentally close the tab?

No problem — just reopen the quiz from the extension popup. Since responses aren't saved until you click Apply, you'll start fresh.

Accessibility Features

The Discovery Quiz was built with accessibility as a priority:

WCAG 2.2 AA Compliance

- **Keyboard Navigation** — Full functionality without a mouse
- **Screen Reader Support** — Proper ARIA labels and live regions
- **Focus Indicators** — Clear visible focus states on all elements
- **Text Spacing** — Compliant with SC 1.4.12
- **Touch Targets** — Minimum 44x44px for all interactive elements

Visual Accessibility

- **Colour Contrast** — 4.5:1 minimum for all text
- **Reduced Motion** — Respects `prefers-reduced-motion` setting
- **No Time Limits** — Complete at your own pace
- **Clear Typography** — Legible fonts and adequate sizing

Cognitive Accessibility

- **Progress Indicator** — Always know where you are in the quiz
 - **Simple Language** — Questions written in plain English
 - **No Pressure** — Skip option available, no scoring judgments
 - **Undo Available** — Go back and change answers freely
-
